REV. SHEARER OPENED BIG REVIVAL SUNDAY

Revival Opens at First Christian Church Sunday Morning and Will Continue Several Weeks.

At the morning services Sunday the revival campaign at the First Christian church opened with the first sermon by Rev. W. F. Shearer of Anderson, Ind., who will conduct the revival for the next several weeks. The auditorium of the church was well filled with old and new members. Mr. Shearer of the Moody Institute of Chicago and well known singer, directed the chorus of nearly 50 voices at both the morning and evening services. The singing service was featured with solos.

At the morning services Rev. Mr. Shearer spoke on "Consecration to the Service of God." He said that consecration means not so much the denial of sin as it was positive enlistment in Christ's service. He said as God could not believe for us but presented facts which to get our faith so neither could God consecrate for us. We consecrate ourselves, he stated, and that God sanctified but man consecrated. He brought out very forcibly on the work of God and said that except a man be born again he cannot enter the kingdom of heaven.

He spoke on the message he would give during his stay in the city and said that only the filled message would reach the people as God desires. He said spare not time nor talent for the sake of the meeting.

BELIEVE COAL WILL BE MINED IN CITY

Many Citizens, Remembering Old Discoveries, Have Faith in Finding of Prolific Coal Vein in Vicinity.

Farmers residing north of town and many residents living on the northern boundaries of town have been spending their spare time, it was learned Sunday, examining their respective lands in search of any signs of a coal or mineral deposit thereon.

The activity is the outgrowth of the discovery of a vein of coal on the William Schmeltz farm, about a mile north of the city. About two weeks ago several workmen were cleaning out a ditch on this farm when they accidentally uncovered a coal deposit. The coal was brought to the city and was found to be a very high grade of the substance.

The owner of the farm has not as yet been able to find time to ascertain just the extent of the vein of coal but it is believed that while it is probably large enough to keep the owner in coal for many years to come it would hardly warrant the mining for commercial purposes. Others, however, hold the view that there is probably a rich deposit of the black mineral and they believe that this is not the only place in the vicinity of the city where coal abounds. Among those who hold the latter view are the many who are daily searching on their lands for some signs of coal.

REVIVAL SERVICES CLOSE AT CHURCH

About 500 Men Attend Sunday Afternoon Meeting—Interesting Sermon Delivered by the Rev. L. M. Edwards.

Fully 500 men attended the meeting at the First Methodist church Sunday afternoon. The meeting was the close of the special revival services which have been conducted at the church during the past week by the pastor.

At the meeting Sunday afternoon the pulpit was occupied by the pastor, Rev. Dr. Loren M. Edwards. He spoke on the duties of men toward religion and toward all of the other things in life dependent upon religion for their existence. The theme of the address was that religion is the guiding hand in all worthy actions and that that avenue or employment that is not permeated by the spirit of religion is doomed.

The duties of men toward the state and public affairs in general was also touched upon by the pastor. Special music was provided at the meeting by a men's chorus choir.

Sunday evening the church was again packed at one of the regular revival services. Both men and women were present and heard the interesting sermon delivered by the pastor. Special music was also rendered at the evening service.

The revival services closed with the Sunday evening service. Many conversions were reported and the pastor and congregation in general is highly gratified at the outcome of the meetings.

The study of the book of acts will be continued at the regular mid-week prayer service which will be held at the church Thursday evening. The exercise will be led by the pastor.

BOARD AND MAYOR CLASH ON WATER BILL QUESTION

A warm discussion between Mayor Gaylor, City Atty. Jernekan and the board of public works on the question as to whether property owners or tenants should be responsible for water bills featured the Monday morning session of the board.

The mayor and the city attorney held that the tenant should be held responsible for the water bills while the law plainly states that the landlord or owner is the only responsible party therefor. Warner on behalf of the board maintained that the law should be upheld. The fact that both the mayor and city attorney are real estate agents may account for their unique position.

The city attorney and the superintendent of water works are now on the board to draw up a resolution revising water works rules. The resolution will be presented at the next meeting and acted on.

Other minor business was discussed.
